Christopher Solano

chrissolanopoly@gmail.com • Baltimore, MD (443)-939-9732

Education:

Towson University. Towson, MD.   *May 2024*

Bachelor of Science, Computer Science

Cumulative GPA: 3.172

Jess Fisher FCSM Scholarship

National Society of Leadership and Success (NSLS) Nomination

Dean's List (Fall 2020)

Related Coursework

Intro to Computer Science I – The basics of Java, from printing out hello world to implementing two dimensional arrays.

Intro to Computer Science II – Intermediate level of Java, exception handling and OOP techniques such as composition, polymorphism, and inheritance.

Information Systems Security – Analysis of cyber warfare and network security, including how to prevent and mitigate attacks

Data Structures & Algorithm Analysis – Currently taking, analysis of algorithms in Java, asymptotic notation, and master theorem

Technical Skills:

- Java (Intermediate knowledge) - Used Object-Orientated Programming including multiple subclasses, abstract classes, and utilizing interfaces
- JavaScript (Beginner knowledge)
- C++ (Beginner knowledge)
- HTML (Beginner knowledge)
